B4H WA gets a ton for openers

Monday 25 July, 2011

B4H WA's first bike collection day was a great success collecting over 100 preloved bikes from generous Perth community. These bikes are now destined to change a life in Namibia in the coming months.

In addition to over 100 hybrid and mountain bikes suitable for use in Africa the B4H WA team also collected about 20 kids bikes and some road bikes.

Collection team at Challenge Stadium

Excess kids bikes are being passed on the Santa's Workshop where they will be serviced and cleaned up for redistribution to needy kids in Perth at Christmas time. We have also identified a Perth based charity with an interest in taking the road bikes for an indigenous youth program – more of that in the future.

During the week since our first collection day we have accumulated another 30 hybrid and mountain bikes mostly through our collection partner, The Bicycle Entrepreneur (TBE) and from the Harvey Lions Club.

Our next Collection Day is this coming Saturday, July 30th from 9am to 3pm, in the car parks Swanview Aquatic Centre, off Gray Drive, Midvale, and Challenge Stadium, off Stephenson Ave, Mt Claremont.

Our target is to get the total to over 300 bikes by the end of this weekend, well on the way to the 400 needed to fill Komatsu's 40ft container.

Watch our website www.bicyclesforhumanity.com or our Facebook page <http://www.facebook.com/pages/Bicycles-for-Humanity-WA/110414025722364> for future collection times and locations – new locations coming soon!

The Matera brothers and Robbie Wiley make the first bike donation.
