## **B4H WA reaches half way to its first container load**

Wednesday 3 July, 2011

In spite of Perth's wind and squally showers on Saturday our intrepid band of volunteers collected another 140 bikes at Challenge Stadium (No 4 Car Park) and at Swanview Aquatic Centre Car Park. That means we now have around 200 of the 400 mountain/hybrid bikes we need for our container load for shipping to Namibia, including bikes also collected through our bike shop partner – The Bicycle Entrepreneur (TBE).

**Our next Collection Days will be Saturday, August 13<sup>th</sup> and 27<sup>th</sup> from 9am to 3pm, at Challenge Stadium, off Stephenson Ave, Mt Claremont. We will again be in the No 4 car park, that is on the south side of the stadium building and at the east end of the car park. On the same dates and times we will also have a collection team at a new venue – The eastern car park at Riverview Church in Thorogood Ave, Burswood**

Our target is to get 400 bikes needed to fill Komatsu's 40ft container by the end of August. Perth – bring out those bikes that are collecting dust in the shed – they will change lives in Africa.
